Family Information Evening & Lunch

Taminmin Girls Academy hosted an information evening on the 28th February and lunch on the 29th February for families to introduce the Girls Academy program. We invited all Aboriginal and Torres Strait Islander students and their families to come in to the GA room to meet staff, see the room and learn about what the program has to offer. It was a great turn out and we're excited to see the program grow with the support of families and staff.

Friday Feed

Who doesn't love a feed? Our members certainly do! Our Friday feeds consist of taking our favourite and most popular home cooked meals and making it healthier for our girls. The girls have really enjoyed this activity as much as we do.

It has brought the girls together, making new friendships and it have given us a chance to bond with the students and provide information for upcoming events.

International Women's Day

In celebration and awareness of International Women's Day, GA staff presented to the entire school on gender equality and what International Women's Day is all about. The example we used was the comparison between AFL and AFLW. This

topic something we're passionate about and is just one example of the many gender inequalities in today's society, in terms of player wages.

It was a great turn out from all students' at Taminmin College, including teachers and support staff. Followed by a very successful BBQ bringing everyone together, and giving our GA staff more opportunity to build networks within Taminmin College.
