

Compass Learning Tasks Parent Information

When parents log in to Compass they will see a notification under their student's name if the student has any upcoming or overdue learning tasks. You can see this alert highlighted in the image below.

The screenshot shows the Compass parent dashboard. At the top, there is a navigation bar with the Compass logo and icons for home, calendar, pencil, grid, people, and star. Below this, there are three student profile cards. The first card is for Stephen, the second for Euan, and the third for another student. Each card has a profile picture, a name, and a list of actions: Profile (Attendance, Schedule, Reports), Send email to teachers, Add Attendance Note, View Academic Reports, and Order Photos. The third card has an additional action: Book Parent Student Teacher Conference. At the bottom of the third card, there is a red-bordered box containing a notification: "3 overdue learning tasks". To the right of the profile cards, there are two notification boxes: "Course Confirmation/School Payments" and "Event Consent/Payment Required". Below these is a "My News" section with articles about Bob Roberts and Grade 5 Ned Kelly School Camp. At the bottom right, there is a "Liz Larson" article and a "Magic High Newsletter 2020" link.

Clicking the link will take the parent to the Learning Tasks tab of the student's profile. From here the parent can see all the Learning Tasks that have been set for the student and made visible to parents. If the teacher has given marks for the task and made the grading visible the parent will also be able to see the student's grade/s for the task.

If the student does not have any upcoming overdue tasks the parent can see all the tasks for their students at the school by hovering over the Teaching and Learning menu (pencil icon) and selecting 'Learning Tasks' from the drop-down menu.

The screenshot shows the Compass parent dashboard with the "Learning Tasks" tab selected. The dashboard header includes the Compass logo and navigation icons. Below the header, there is a "Parent:" label with a student name and an "Active" status. The "Learning Tasks" tab is active, and the dashboard shows a table of learning tasks for the student. The table has columns for Code/Student Name, Learning Task, Status, Result, and Actions. The tasks are listed as follows:

Code/Student Name	Learning Task	Status	Result	Actions
10 Biology Euan ABERCROM...	Assessment CAT 1: Evolution by Natural Selection Subject-wide Task Report: Yes	Due date: No due date Submitted: Pending	-	🔗
10 Biology Euan ABERCROM...	Assessment CAT 2: Excellent Ecosystems Subject-wide Task Report: Yes	Due date: No due date Submitted: Pending	-	🔗
