TAMINMIN COLLEGE

EDUCATION FOR *life.*

Dress Requirements

Students are required to dress ready for work for all classes. The dress requirements for Racing are:

- Sturdy covered work shoes/boots (student to supply)
- Polo shirt (supplied)
- Work shorts/pants (student to supply)
- Race days require clothing appropriate to Stablehand (must be collared shirt)
- Riding boots (Student to supply)

Vocational Work Placement

An important component of VET in Schools training is the Vocational Work Placement (VWP). VWP is organised by Industry Engagement Officers (IEOs) who are the link between the school, host workplace and the Registered Training Organisation (RTO). VWP involves spending two work weeks with a host employer gaining an insight to the requirements and expectations of a worker within this industry. Students do not receive payment for this experience.

Participation in VWP contributes to achieving competency in the units RGRPSH201 Handle racehorses in stables and at trackwork and RGRPSH209 Attend horses at race meetings and trials. These units requires students to attend to horses at race meetings and trackwork over a period of two weeks.

Trackwork involves early morning starts at 5:00am and requires working split shifts until 5:00 pm. Students usually have a break between shifts during the middle of the day. The actual times are variable based on the host employer requirements.

Race meetings are held on weekends requiring student attendance outside of normal hours. Students who do not complete VWP may not be able to demonstrate achievement in these units and therefore may not be able to receive the full Certificate II qualification.

About this course

The Certificate II in Racing Industry reflects the role of new entrants to the racing industry. It provides an introduction to the racing industry and allows for specialisation in sectors or roles, including stablehand (harness or thoroughbred), stud hand (breeding), track maintenance and racing administration.

In this course students develop an understanding and knowledge of the prime function of care for the animals and to meet their individual needs of feeding, grooming, exercising, transporting and racing; as well as keeping the environment safe, clean and hygienic.

This qualification runs over a 12-month period with an expected completion time of two semesters on and off campus. Students are to attend the course one full day a week on Thursdays.
